MUNGU ENGINEERING CULLEGE, PERUNDURAI ERUDE - 038 052 SCHOOL OF COMMUNICATION AND COMPUTER SCIENCES DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING COURSE END SURVEY

caden	mic Year : 2015-2016					
ourse	e Outcomes:					
n con	impletion of the course the student will be able to:					
01-	01- Design Java program using object oriented concepts					
Develop application using package, multithreading concepts and generics						
JU5-	Create applets and event driven programming ap	plications				
1- To	some extent 3 – To a moderate extent		5 - To a great extent			
1.	outcomes have been attained, please respond to completion of the above course, are you able oriented concepts?	to the following to design Ja	ava program using object			
20	On completion of the above course, are you able	to the follow	ava program using object			
1.	On completion of the above course, are you able oriented concepts? To some extent To a moderate ext	to the following tent	ava program using object			
1.	On completion of the above course, are you able oriented concepts? To some extent To a moderate ext	to the following tent	ava program using object			
1.	On completion of the above course, are you able oriented concepts? To some extent To a moderate extent On completion of above course, are you able to	to the following tent	ava program using object To a great extent oplications using package.			
1.	On completion of the above course, are you able oriented concepts? To some extent To a moderate extent	tent tent	ava program using object To a great extent plications using package.			
1.	On completion of the above course, are you able oriented concepts? To some extent To a moderate extent	tent tent	ava program using object To a great extent plications using package.			
1.	On completion of the above course, are you able oriented concepts? To some extent To a moderate extent in the multithreading concepts and generics? To some extent To a moderate extent in the multithreading concepts and generics? To a moderate extent in the moderate extend and the multithreading concepts and generics?	tent tent	ava program using object To a great extent plications using package.			
1.	On completion of the above course, are you able oriented concepts? To some extent To a moderate extended and the multithreading concepts and generics? To some extent To a moderate extended and the multithreading concepts and generics? To a moderate extended and the moderate extended and the multithreading concepts and generics?	tent tent re you able to	ava program using object To a great extent plications using package.			
1.	On completion of the above course, are you able oriented concepts? To some extent To a moderate extent in the multithreading concepts and generics? To some extent To a moderate extent in the multithreading concepts and generics? To a moderate extent in the moderate extend and the multithreading concepts and generics?	tent tent tent re you able to	ava program using object To a great extent plications using package. To a great extent o create applets and event			

		Course E	End Sum			
SN	After have you now able to course, are you now able to design Java program using object oriented concepts?	gained through the course, are you able to develop application using package,	After having undergone this course, are you now able to create applets and event driven programming applications ?
